

4G/LTE External Antennas

Product Number: ATLTE-30300-2.5BM

1. Picture

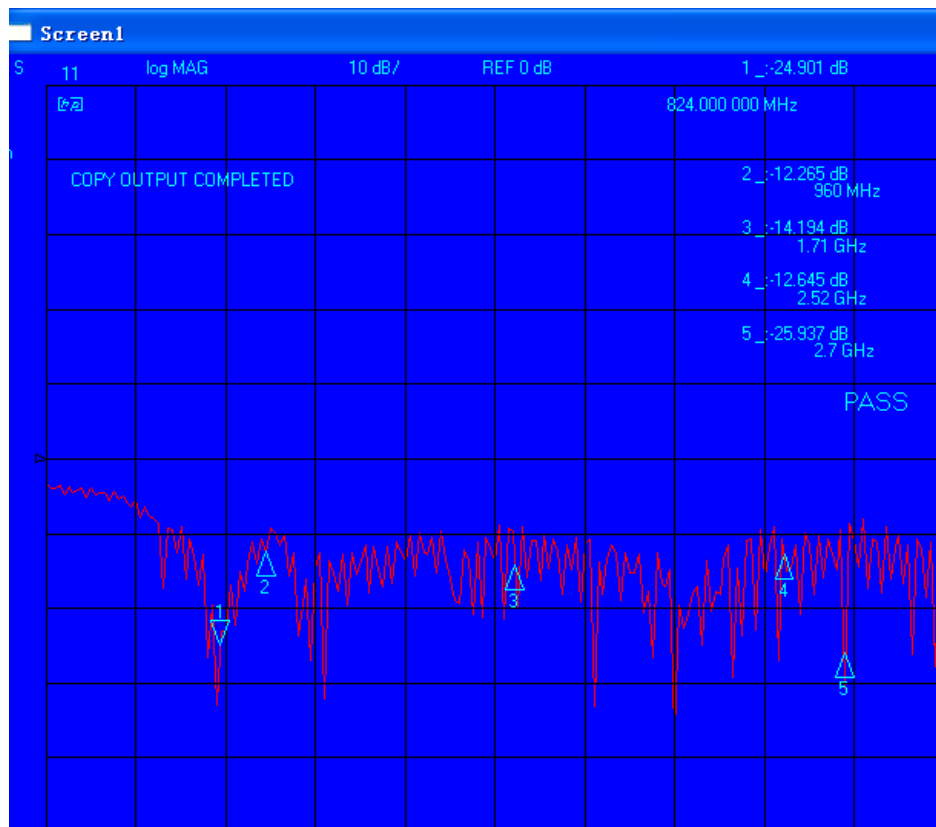

2. Product Features

- 2.1 The antenna is made of carbon steel
- 2.2 Plastic anti-aging ABS, with long service life
- 2.3 SMA connectors have a long service life and are not easily oxidized
- 2.4 Wide bandwidth, low VSWR, good matching
- 2.5 Beautiful appearance, compact & easy to be installed
- 2.6 The antenna is professional design for automotive, with stable signal

3. Product Specification

Name: 4G/LTE Antenna,Magnetic Mount		Model Type: ATLTE-30300-2.5BM	
Electrical specifications		Physical Properties	
Frequency Range	824/960/1710/2520/2700 MHz	Length (mm)	3,000mm
Impedance	50Ω	Connector	SMA-J
VSWR	<2.0	Cable (m)	RG174 ,2m
Gain	≥2.5dBi	Radome Material	ABS
Polarization	Linear	Radome Color	Black
Radiation	Omnidirectional	Working Temperature	-40°C +85°C
Power	10W	Storage Temperature	-40°C +85°C
Mounting	Magnetic		

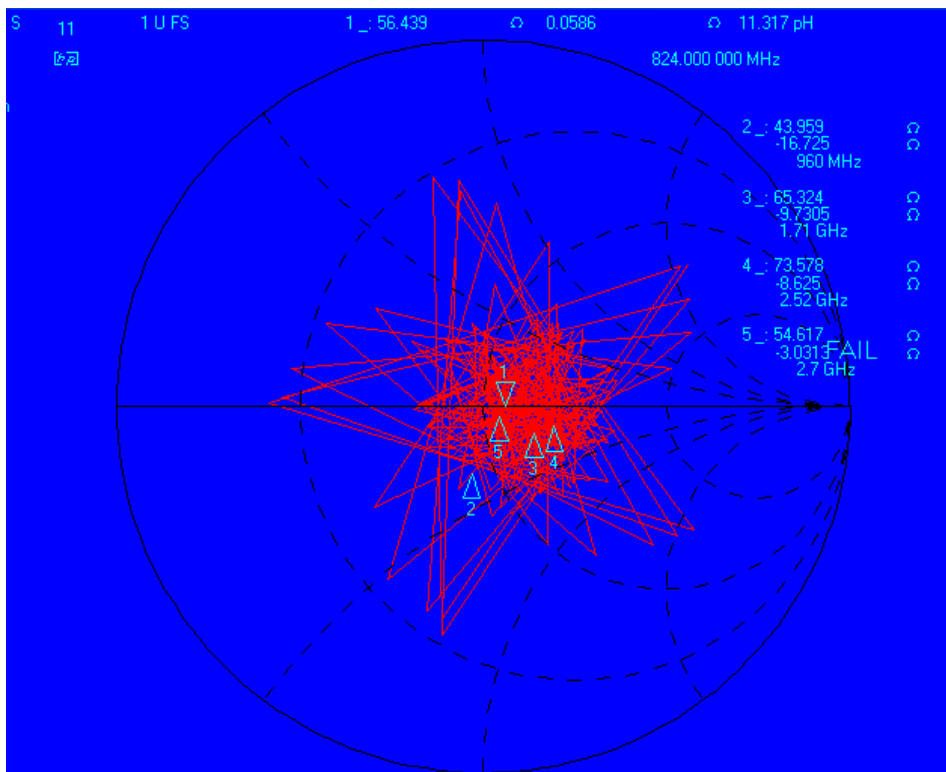

4. Return Loss
